

Yash Trivedi

Kanpur, U.P., India | +91-7222942815 | yashtrivedi891@gmail.com | [LinkedIn](#)

PROFESSIONAL SUMMARY

Highly motivated Software Developer with hands-on experience in Backend Development using Python, React.js, and SQL. Strong understanding of Object-Oriented Programming, Database Design, and API Integration. Passionate about writing clean, efficient, and scalable code to build user-centric digital solutions that improve operational efficiency.

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript, HTML, CSS
- **Frameworks & Libraries:** React.js, Flask, Numpy, Pandas, Django
- **DATABASE:** MySQL
- **Business Intelligence Tools:** power BI

Power BI Skills:

- a. Data Cleaning & Transformation using Power Query
 - b. Data Modeling and Relationships
 - c. Interactive Dashboards and Reports
 - d. Data Visualization and KPI Tracking
- **IDE:** Git, Visual Studio Code, Eclipse, Power BI, Excel
 - **Concepts:** OOPs, Restful APIs
 - **Operating Systems:** Windows

PROJECTS

Student Management System

Tech Stack: Python, MySQL

- Designed and developed a full-stack system managing student data, attendance, and academic performance.
- Built the backend logic and database architecture by **integrating Python with SQL (MySQL)** for secure data storage, fast retrieval, and smooth database operations.
- Enhanced user efficiency by 35% through an intuitive UI and automated record handling.

AI Learning Path Recommender

Tech Stack: Python, Flask, MySQL

- Developed an AI-powered course recommendation system providing personalized learning paths based on user interests.
- Built the backend using **Python and Flask**, integrated with **SQL (MySQL)** to manage user data, course

information, and recommendation results.

- Delivered an interactive platform that enhances the user learning experience through intelligent recommendations

E-Commerce Website (wforwebs.shop)

Tech Stack: HTML, CSS, JavaScript, MySQL

- Created a responsive e-commerce platform featuring user authentication, cart management, and order tracking.
- Developed backend for dynamic product catalog and implemented secure database connectivity.

EDUCATION

- **Bachelor of Technology (Computer Science)**, Axis Colleges, Kanpur (AKTU Lucknow) — (2021-2025) | 70%
- **Intermediate (P,C,M)**, Aryawart Inter College, Kanpur (U.P. Board) — (2020) | 69%
- **High School (P,C,M)**, Aryawart Inter College, Kanpur (U.P. Board) — (2018) | 75%

Data Science Training (Ongoing)

(Encode AI / Offline)
November (2025) – Present

- Learning Python, SQL, and Data Analysis
- Hands-on practice with Pandas, NumPy
- Basic Machine Learning concepts
- Working with real-world datasets

CERTIFICATIONS

- AWS Academy Graduate – AWS Cloud Foundations
- Cybersecurity – Cisco
- Full-Stack Development – Aspote Technology

PROFESSIONAL STRENGTHS

- Strong problem-solving and analytical mindset
- Excellent teamwork and communication skills
- Adaptability to new technologies
- Time management and dedication to high-quality output
