

YASH TRIVEDI

Kanpur, U.P., India | +91-7222942815 | yasstrivedi891@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

B.Tech Computer Science graduate skilled in Python, Django, React.js, and MySQL. Experienced in full-stack development, building RESTful APIs, and optimizing database schemas. Practical knowledge in Data Science (Pandas, NumPy) with a strong focus on writing clean, maintainable, and scalable code.

EDUCATION

Axis Colleges, Kanpur (AKTU Lucknow) — Bachelor of Technology (Computer Science) | 2021–2025 | 70%

Aryawart Inter College, Kanpur — Intermediate (PCM) | 2020 | 69%

Aryawart Inter College, Kanpur — High School | 2018 | 75%

TECHNICAL SKILLS

Languages: Python, JavaScript, HTML, CSS

Frameworks & Libraries: Flask, NumPy, Pandas

Databases: MySQL

Business Intelligence Tools: power BI

Power BI Skills:

- Data Cleaning & Transformation using Power Query
- Data Modeling and Relationships
- Interactive Dashboards and Reports
- Data Visualization and KPI Tracking

Platforms: VS Code, Eclipse, Windows

Core Concepts: OOPs, REST APIs, Database Design, API Integration

PROJECTS

Student Management System

- Designed and developed a full-stack system to manage student records, attendance, marks, and academic performance efficiently.
- Integrated Python with MySQL for secure database connectivity, fast data retrieval, and smooth backend operations.
- Automated record handling and reporting processes, improving overall user efficiency and reducing manual work.
- Built a clean and user-friendly interface for easier data access and management.

AI Learning Path Recommender

- Developed an AI-powered recommendation system that suggests personalized learning paths based on user interests and skill levels.
- Built backend functionality using Python and Flask while managing user and course data through MySQL integration.
- Implemented recommendation logic to enhance learning experience and improve user engagement.
- Created an interactive platform capable of delivering intelligent and scalable course recommendations.

E-Commerce Website (wforwebs.shop)

- Created a responsive e-commerce platform with features such as user authentication, cart management, and order tracking.
- Developed backend database connectivity and dynamic product catalog management using MySQL.
- Improved website functionality and user interaction through optimized frontend design and smooth navigation.
- Implemented secure handling of user data and product information for reliable website performance.

DATA SCIENCE TRAINING (ONGOING)

Encode AI (Offline Training) | Nov 2025 – Present

Learning Python, SQL, Data Analysis, Pandas, NumPy, and Machine Learning concepts with hands-on practice on real-world datasets.

CERTIFICATIONS

- AWS Academy Graduate – AWS Cloud Foundations
- Cybersecurity – Cisco
- Full-Stack Development – Aspite Technology

PROFESSIONAL STRENGTHS

- Strong problem-solving and analytical mindset
- Excellent teamwork and communication skills
- Adaptability to new technologies
- Time management and dedication to high-quality output
